

The 18th International Conference on Document Analysis and Recognition

September 17-21, 2025 Wuhan, Hubei, China

Call For Papers

Important Dates

Nov 15, 2024: Journal track paper submission deadline
Jan 10, 2025: Initial journal track decision announced
Feb 7, 2025: Conference Title & Abstract submission deadline
Feb 21, 2025: Conference full paper upload and editing closed
Mar 14, 2025: Journal track paper revise submission deadline
Apr 11, 2025: Conference reviews due
Apr 18, 2025: Conference rebuttal due
Apr 25, 2025: Conference paper acceptance notation
May 16, 2025: Camera-Ready and final notation

Organizing Committee

General Chairs	Cheng-Lin Liu (China) Simone Marinai (Italy) Umapada Pal (India) Xiang Bai (China)
PC Chairs	Xu-Cheng Yin (China) Dimothenis Karatzas (Spain) Daniel Lopresti (USA)
Tutorial Chairs	Jun Sun (China) Apostolos Antonacopoulos (UK)
Workshop Chairs	Lianwen Jin (China) Richard Zanibbi (USA) Veronique Eglin (France)
Competition Chairs	Zhouhui Lian (China) Michael Coustaty (France) Ron Litman (Amazon, USA)
Publicity Chairs	Jean-Marc Ogier (France) David Doermann (USA)
Publication Chairs	Anna Zhu (China) Xu-Yao Zhang (China)
Finance Chair	Yingying Zhu (China)
Local Arrangement Chairs	Yongchao Xu (China) Yu Zhou (China)

ICDAR is the premier event for scientists and practitioners involved with document analysis and recognition, a field of growing importance in our current age of digital transition. The 18th edition of this flagship conference will be held in Wuhan, September 17-21, 2025. (**The conference will be an XXX event (XXX=hybrid)?**)

Paper Submissions:

There is both a standard conference paper track and a journal track at ICDAR 2025; details regarding the journal track may be found in a separate Call for Papers (**LINK**).

Reviewing for conference papers will be **double blind**. Authors should not include their names, affiliations, or acknowledgements in submitted manuscripts, and should ensure that their identity is not revealed indirectly by citing their earlier work in the third person.

Papers may be up to **15 pages long (including references)** in **Springer Lecture Notes in Computer Science (LNCS)** format. Detailed submission instructions for authors can be found on the [conference website \(https://icdar2025.com\)](https://icdar2025.com).

Topics of Interest:

Document image processing	Structured document generation
Physical and logical layout analysis	Multimedia document analysis
Text and symbol recognition	Mobile text recognition
Handwriting recognition	Pen-based document analysis
Document analysis systems	Scene text detection and recognition
Document classification	Recognition of tables and formulas
Indexing and retrieval of documents	Historical document analysis
Document synthesis	Signature verification
Extracting document semantics	Document summarization and translation
NLP for document understanding	Document forensics and provenance
Office automation	Medical document analysis
Graphics recognition	Document analysis for social good
Human document interaction	Document analysis for literature search
Document Representation Modeling	Gold-standard benchmarks and datasets
Document VQA	Foundation models (Large Multimodal Models) for document understanding
Private and secure document understanding	

Publication: Springer Lecture Notes in Computer Science

The conference proceedings will be published as part of the Springer Lecture Notes in Computer Science (LNCS) series. Accepted papers will be freely available through SpringerLink from the conference website for one year after publication, and will later be freely available through SpringerLink four years after publication.
