

## The 18th International Conference on Document Analysis and Recognition

September 17-21, 2025 Wuhan, Hubei, China

# **Call For Papers**

#### **Important Dates**

Nov 15, 2024: Journal track paper submission deadline Jan 10, 2025: Initial journal track decision announced

Feb 7, 2025: Conference Title & Abstract submission deadline Feb 21, 2025: Conference full paper upload and editing closed Mar 14, 2025: Journal track paper revise submission deadline

Apr 11, 2025: Conference reviews due
Apr 18, 2025: Conference rebuttal due

Apr 25, 2025: Conference paper acceptance notation May 16, 2025: Camera-Ready and final notation

#### **Organizing Committee**

General Chairs Cheng-Lin Liu (China)
Simone Marinai (Italy)
Umapada Pal (India)
Viana Pai (China)

Xiang Bai (China)

PC Chairs Xu-Cheng Yin (China)

Dimothenis Karatzas (Spain)

Daniel Lopresti (USA)

Tutorial Chairs Jun Sun (China)

Apostolos Antonacopoulos (UK)

Workshop Chairs Lianwen Jin (China)

Richard Zanibbi (USA)

Veronique Eglin (France)

Competition Chairs Zhouhui Lian (China)

Michael Coustaty (France)

Ron Litman (Amazon, USA)

Jean-Marc Ogier (France)

David Doermann (USA)

Publication Chairs Anna Zhu (China)

**Publicity Chairs** 

Xu-Yao Zhang (China)

Finance Chair Yingying Zhu (China)

Vongchao Xu (China)

Local Arrangement Chairs Yongchao Xu (C Yu Zhou (China) **ICDAR** is the premier event for scientists and practitioners involved with document analysis and recognition, a field of growing importance in our current age of digital transition. The 18th edition of this flagship conference will beheld in Wuhan, September 17-21, 2025. **(\*\*The conference will bean XXX event (XXX=hybrid)?\*\*)** 

### **Paper Submissions:**

There is both a standard conference paper track and a journal track atICDAR 2025; details regarding the journal track maybe found in a separate Call for Papers (\*\*\*LINK\*\*\*).

Reviewing for conference papers will be **double blind**. Authors should not include their names, affiliations, or acknowledgements in submitted manuscripts, and should ensure that their identity is not revealed indirectly by citing their earlier work in the third person.

Papers maybe up to **15 pages long (including references) in Springer Lecture Notes in Computer Science (LNCS) format.** Detailed submission instructions for authors can be found on the <a href="conference-website">conference website</a> (<a href="https://icdar2025.com">https://icdar2025.com</a>).

## **Topics of Interest:**

Document image processing Physical and logical layout analysis Text and Mult symbol recognition Handwriting Mob recognition Pen-

-

Document analysis systems Document classification

Indexing and retrieval of documents

Document synthesis

Extracting document semantics NLP for document understanding Office

automation

Graphics recognition

Human document interaction Document Representation Modeling

Document VOA

Private and secure document understanding

Structured document generation Multimedia document analysis

 $Mobile\ text\ recognition$ 

Pen-based document analysis Scene text detection and recognition Recognition of tables and formulas Historical document analysis

Signature verification

Document summarization and translation

Document forensics and provenance Medical

document analysis

Document analysis for social good Document analysis for literature search Gold-standard benchmarks and datasets Foundation models (Large Multimodal Models) for document understanding

## **Publication: Springer Lecture Notes in Computer Science**

The conference proceedings will be published as part of the Springer Lecture Notes in Computer Science (LNCS) series. Accepted papers will be freely available through SpringerLink from the conference website for one year after publication, and will later be freely available through SpringerLink four years after publication.
